PROFILE

Enthusiastic and driven Information Technology student with a strong foundation in iOS app development using Swift, SwiftUI, and Xcode. I am passionate about crafting seamless, user-friendly mobile experiences and eager to apply my academic knowledge and personal project experience to a real-world iOS development environment. I am seeking an internship opportunity to learn from industry professionals, collaborate on impactful projects, and further develop my technical skills in mobile application development.

WORK EXPERIENCE

11/ 2022 – 11/ 2023 Nativen Inc - Remote

- Worked with the UI/UX and used Swift UI to build user interfaces.
- Ensuring that UI elements resize and reposition themselves according to the devices screen size.
- Integrating with authentication systems, including OAuth, Firebase, and Apple's Sign in with Apple.

07/2017 - 09/2019 KoloHouse Limited

- **Branding & Identity Development:**

Played a central role in shaping Kolo house's own brand identity, including logo design, marketing messaging, and positioning. Developed cohesive marketing materials and digital presence that reflected the company's vision and attracted clients.
